NSS ACTIVITY NAME: WEBINAR ON GENDER SENSITISATION

ACTIVITY LEVEL: COLLEGE LEVEL

DATE: 27TH MARCH 2021

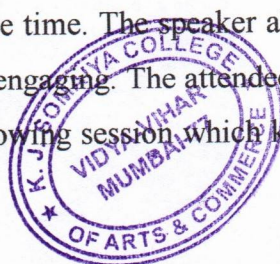

NUMBER OF PARTICIPANTS: 100

MODE: ONLINE (ZOOM PLATFORM)

The BUSINESS LAW DEPARTMENT in association with the N.S.S unit of K.J SOMAIYA COLLEGE OF ARTS AND COMMERCE (Autonomous) conducted a webinar on 27th March 2021 on a crucial topic of 'Gender Sensitisation'. It was conducted on Zoom platform, between 2.00 pm and 3.30 pm. The speaker for the programme was Mrs. Sunita Machado who worked for different organizations and presently works for Kindness and Limited (NGO).

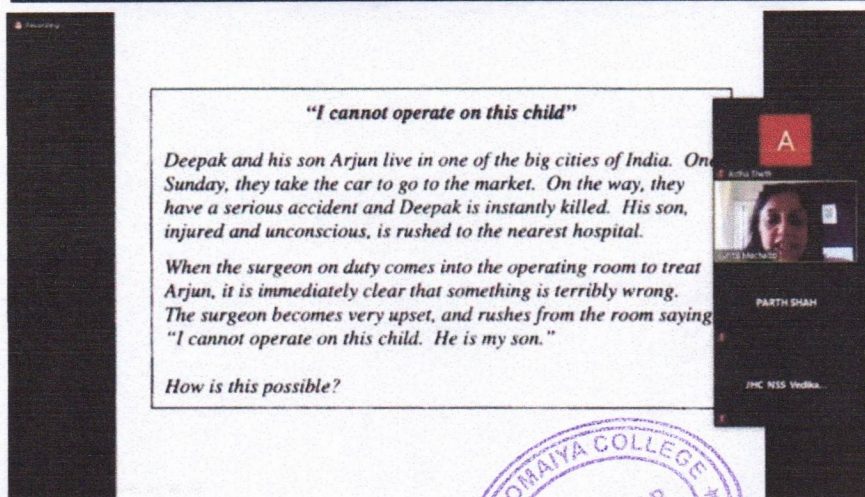

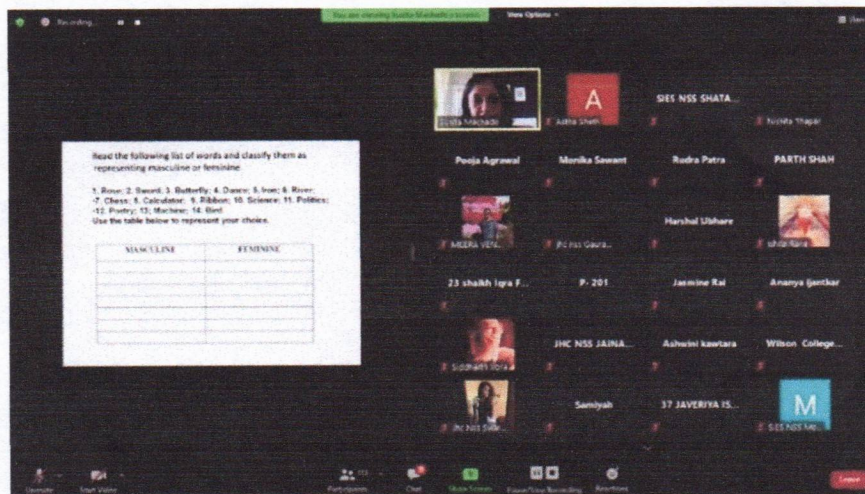

A small introduction was given by a N.S.S. Volunteer to the audience about the programme. Mrs. Monica Sawant, Head of the Business Law Department introduced the resource person and gave her valuable insights on the topic. The webinar was focused on developing a wider perspective on the topic of 'Gender Sensitisation' and reflecting on our daily lives and actions. The speaker Mrs. SunitaMachodo started the session with a basic question about 'gender' and 'sex' which sparked the audience's attention. She gave different examples on how gender difference has been stuffed in our mind from childhood and how it affects our daily life decisions. She talked about the psychological concept of 'Dual Coding Hypothesis' and used examples from history, literature and storytelling to explain it in a better way.

The difference between 'Sex' and 'Gender' explained by the speaker was an eye opener to the audience. She brought up different scenarios in which women were discriminated against or involved any gender bias against them. Though humanity has progressed so much but still there is no balance in the rights for men and women. She talked about various narratives and double standards feeded to us by the society which created a difference in our thinking and decision making. She gave different contexts to our culture, traditions and customs which exhibited gender discrimination m She also talked about gender bias in fairy tales, stories and T.V. shows which we grew up reading and learning. The speaker kept the session interactive by asking questions which made us think and present our views. Some questions were quite thoughtful and left the audience thinking for quite some time. The speaker also used creative activities which made the session more interesting and engaging. The attendees also interacted with the speaker and responded well. It was a mind-blowing session which kept the audience

engrossed till the end. The main session was followed by a question and answer session where the resource person answered most of the questions asked by the volunteers and other attendees. The speaker provided a clearer perspective on gender and social aspects of it. She also gave a questionnaire which included prose and a few questions related to the topic which would help us to reflect on our thoughts and actions, and understand the problem and how to solve it. The audience responded to it with full enthusiasm as well. The vote of thanks was given by a N.S.S. Volunteer and the speaker ended the meeting by acknowledging the staff and the attendees for making the session successful. The webinar left the audience with a wider perspective about gender and proved to be quite an eye opener for everyone involved. Overall the webinar was a huge success for the teachers, staff and the N.S.S. unit as a whole.

**ACTIVITY NAME - NATIONAL LEVEL WEBINAR ON GHAZAL NAMED
“GHAZAL ETLÉ”****DATE - 9TH AND 10TH, NOVEMBER 2020****NUMBER OF PARTICIPANTS - 50****MODE - ONLINE**

On 9th and 10th, November 2020, the Gujarati Department of our college and the Gujarati Department of SNTD Churchgate, jointly organized a two-day National level Webinar on Ghazal named “Ghazal Etle.” The speakers were Dr. Rashid Meer, Dr. Raish Maniyar, Kavishree Udayan Thakkar, Kavishree Sanju Wada. The Keynote address was delivered by Prof. Nitin Vadgama.

The poster is for a national-level webinar on Ghazal. It features the Somaiya TRUST logo in the top left and a circular logo in the top right. The text is in Gujarati. The main title is 'વિશ્વ પર્યાવરણ દિવસ' (World Environment Day). The event is organized by the Gujarat Department of the University of Mumbai, Mumbai. The topic is 'પર્યાવરણ કેન્દ્રી સ્વરચિત કાવ્ય પઠન' (Environment-centric poetry recitation). The speakers are Dr. Dhanu Aojha, Dr. Priyati Dave, and Dr. Kavita Pandya. The time is 4:30 PM on November 4, 2020, on a Friday. The theme is 'પ્રકૃતિ નું ના કરો હરણ, આવો બચાવો પર્યાવરણ.' (Do not take nature for granted, save it). The event is held online.

NSS ACTIVITY NAME: ONE-DAY YOGA WORKSHOP**DATE: 21ST JUNE 2020****NUMBER OF VOLUNTEERS: 50****MODE: ONLINE**

The language departments and The NSS UNIT of K.J. SOMAIYA COLLEGE of ARTS and COMMERCE (Autonomous) jointly organized a One-day Yoga Workshop on the occasion of International day of Yoga on 21st June, 2020. The programme commenced with an introductory speech by our assistant professor and NSS Programme Officer Prof. SandipYadav Sir and then our honorable Principal Dr. Veena Sanekar Madam welcomed our Yoga instructor for the day Mrs. Devyani Thakkar Madam. Our respected teacher Dr. Preeti Dave Madam introduced our instructor and informed everyone about her qualifications and achievements. Devyani Madam is a Yoga Therapist; she has completed her foundation and advanced studies in Yoga and is currently pursuing her M.A. Yogshastra from Somaiya College. She conducts Yoga Pranayam classes since 2008. Devyani Madam started with explaining about the importance of Yoga. Yoga workshop started with Om chanting. The instructor explained that Om chanting is important because it brings a kind of energy in the body to concentrate in work and be stress free. Then we had 10 minutes of Om chanting to remove all the negativity. She also demonstrated on how one can do Kapalbhati to release the entire cough present in the chest. After that Madam explained some basic Yoga and meditation techniques which helps the body relax. This was followed by the feedback of today's session by two of the students of our college (one NSS volunteer). The session ended with a vote of thanks by one of our NSS volunteer. Overall the workshop was a success and made the participants aware about some basic stress relief techniques and the importance of Yoga.

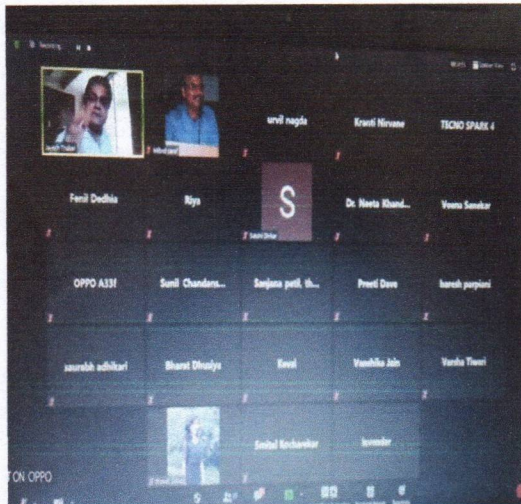

ACTIVITY NAME – INTERNATIONAL YOGA DAY

DATE - 21/6/2020

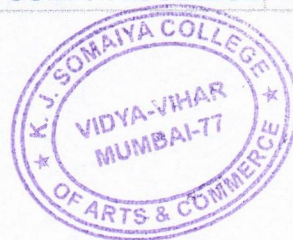

NUMBER OF PARTICIPANTS – 25

MODE - ONLINE

On the eve of International Yoga Day, a webinar was conducted by Shri. Jayesh Thaker, who is a certified Yoga Trainer and SET qualified in Yoga Stream. 25 students and faculties were present for the webinar.

NUMBER OF VOLUNTEERS: 70 (15 NSS VOLUNTEERS)

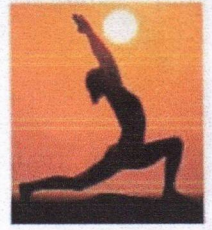

The NSS UNIT of K.J. SOMAIYA COLLEGE of ARTS and COMMERCE (Autonomous) organized a webinar in collaboration with YOGA WITH KUSH, on benefits of yoga which was conducted on Google meet. It was a college level activity and the total participation was 70. Dr. Kush Panchal, an international yoga trainer, who has done his PhD in 'dhyanyog', was the instructor for the webinar. We made a poster and a message through which we invited volunteers and college students to attend the webinar and also created a Whatsapp group for solving the queries of the participants. The webinar started with the introduction of Dr. Kush Panchal by one of our NSS volunteers. Dr. Kush started with some basic Yoga which helped us to learn some postures. We also came to know that Pranayama and meditation are effective techniques to release stress. We learnt how to stay motivated in this pandemic. Kush sir covered some interesting topics like amazing memory power techniques, animal flow movement based exercises, etc. He also provided professional meditation audios to the participants. After the session, a Q&A was conducted in which all the attendees participated with great enthusiasm and our instructor also answered each question in a detailed manner. Thus to conclude, the seminar was well organised, each and every participant enjoyed the webinar. It ended with a vote of thanks by one of our volunteers. It was a great learning experience for everyone involved.

NSS ACTIVITY LEVEL: COLLEGE LEVEL

DATE: 19TH OCTOBER 2020

NUMBER OF VOLUNTEERS: 59

MODE: ONLINE (ZOOM PLATFORM)

The N.S.S unit of K.J SOMAIYA COLLEGE OF ARTS AND COMMERCE (Autonomous) conducted a webinar on 19th of October 2020 in collaboration with 'Bottles for Change' organization. The topic for this webinar was Plastic Management. The speakers for this webinar were Mr. Abhijeet Kakade and Ms. Megha Dhuri. The webinar concentrated mainly on debunking the myth that plastic is harmful for us and the environment. They talked about how it can actually prove helpful for us without damaging our surroundings only if we use and recycle it in the correct manner. If recycled properly plastic can be made to form recycled polyester which in turn is made to produce a number of things like shoes, T-shirts, bags chairs etc. thereby causing less strain on natural resources. They also shared the fact that the plastic industry in India employs 4 million people and is worth INR 110,000 crores, thus it also helps in job creation. The speakers for the webinar proceeded further by telling us what exactly the bottle for change programme is.

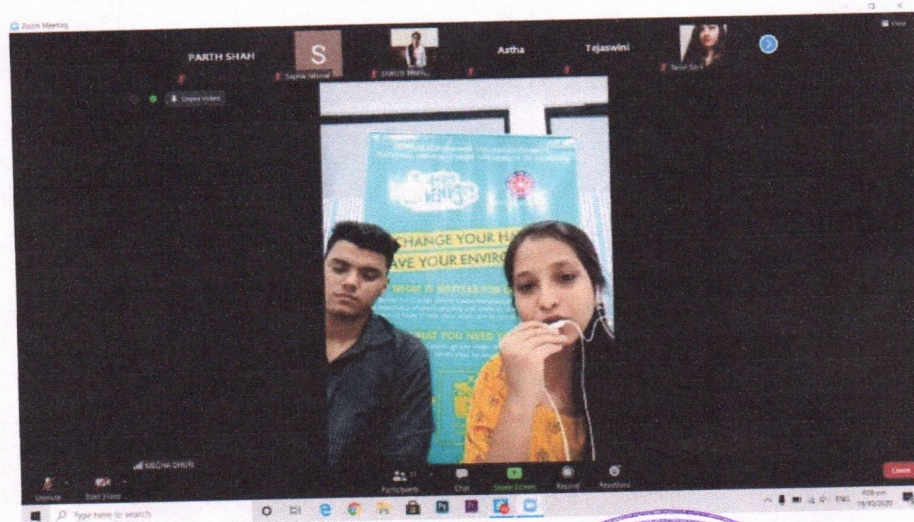

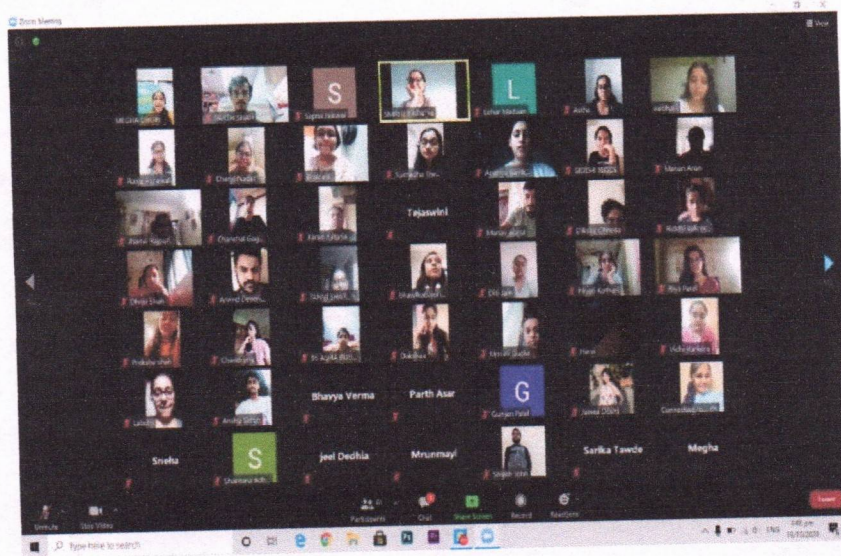

Bottles for change aim to create awareness among citizens about the importance of plastic recycling. When plastic is thrown in waste, it ends up in sea, ocean, drains, river etc. and causes pollution but we should not treat plastic as a waste, it has value even after use, if we just clean it, collect it and send it directly for recycling. Through this initiative they ensure channelizing all kinds of used clean plastic for recycling thus ensuring the greener cleaner environment. After this they also talked about what bottles for change do. Firstly, they educate citizens and bring awareness about a habitual change in the plastic disposing ways. Then they create a channel and opportunity for plastic agents to collect used but clean plastic (hard as well as soft) through various stakeholders. The next step is to sort clean plastic as per their types received from the user. At the segregation center and directly sending it for recycling. Eventually it results in providing plastic agents hygienic working conditions and a respectable life and hence uplifting their economic status.

E: principal.kjsac@somaiya.edu E: kjsac.somaiya.edu

Our volunteers were extremely enlightened and happy about all the information given to them on the topic of plastic. They had various questions as well, which the speakers answered thus providing a more clearer picture of the workings of this organization and plastic management. The host also shared details about their app through which everyone can be a part of this beautiful venture. Overall this webinar was a success as the session proved to be quite informative for everyone involved.

NSS ACTIVITY NAME: WEBINAR ON ORGAN DONATION

ACTIVITY LEVEL: AREA LEVEL

DATE: 25TH NOVEMBER, 2020

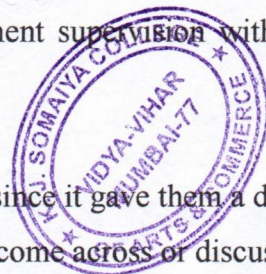

NUMBER OF VOLUNTEERS: 37

MODE: ONLINE (ZOOM PLATFORM)

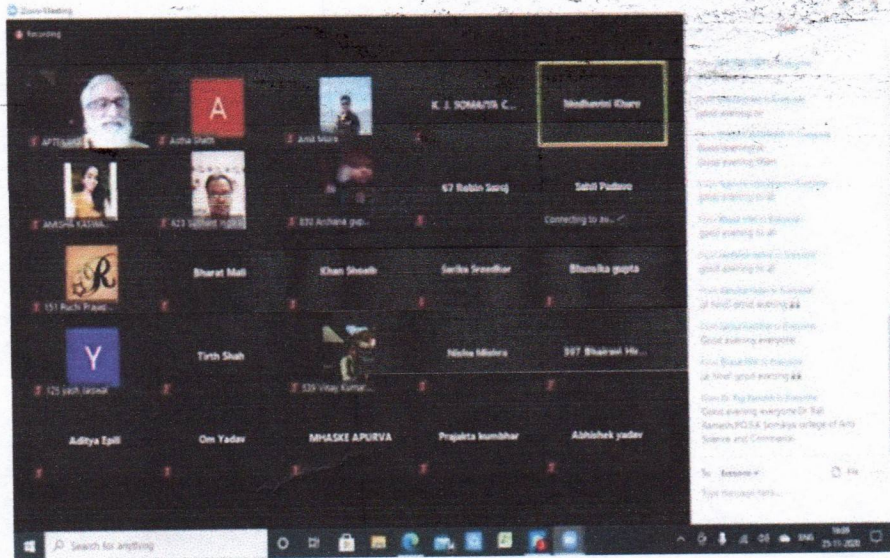

The N.S.S unit of K.J SOMAIYA COLLEGE OF ARTS AND COMMERCE (Autonomous) conducted a webinar on 25th of November 2020 in collaboration with 'V4Organs Foundation'. The topic of this webinar was Organ Donation. The guest speaker for this webinar was Mr. ShrikantApte. He is appointed as Hon. Member of Maharashtra State Level Authorization Committee set up under the Transplantation of Human Organs Act and also appointed as an honorary member of NSS Advisory Committee, Bangalore University. In the webinar, he explained how it is a sorry state of affairs that as per rough estimate every year around 4,00,000 patients, who are at the end stage of life due to Organ failure, take their last breath while waiting for a suitable Organ Transplant. The figure is increasing at a very high speed but according to the government authorities, the number of donations within the last 25 years is only 2750.

Hence, the promotion of public awareness regarding Organ Donation is the only solution that became his life mission. He began by explaining the types of donations among which skin and eye donations are considered as tissue donations as they don't require continuous blood supply after retrieval surgery. The most important donation is body donation used by the anatomy department of medical colleges for medical education and research. The donated body can be preserved for up to 5 years. Lastly, there is organ donation which includes the heart, lungs, liver, kidneys, and pancreas. These donations can only be done within a limited period as the organs after the retrieval surgery require a continuous blood supply. He further explained how organs can be received from a deceased person (cardiac death and brainstem death) as well as a living person who can donate one kidney and a part of their liver. He cleared that every donation takes place under government supervision with proper consent from donors and/or their relatives.

Overall our volunteers found the session quite informative since it gave them a deep insight on how organ donations work. This topic is not something we come across or discuss often in our

daily lives and hence we have little to no knowledge about it. In the end, a Q and A session was held which resolved queries and worries of the attendants. The host also debunked myths regarding organ donation. The webinar was a success and encouraged many to consider organ donation in the future as it is quite important and essential for a healthier and happier society. Here is the picture of the webinar:

Mental Health Challenges Faced by Youth during Pandemic

The Guest lecture was organized on 27th November 2020 at 3 PM. via Google meet.

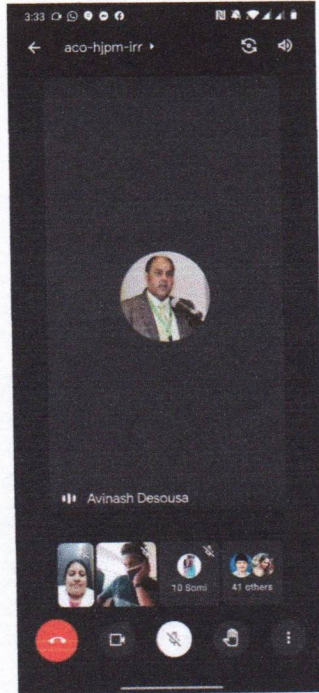

Resource Person of this lecture is Dr. Avinash De Sousa. He is Consultant Psychiatrist & Psychotherapist in Santacruz and Research Associate at the Department of Psychiatry, Lokmanya Tilak Municipal Medical College. He is Founder Trustee of De Sousa Foundation and Associate Professor and Secretary – International Institute of Organizational Psychological Medicine having presence across 7 countries. He is International Faculty for UNESCO Chair in Bioethics working in over 8 countries. Chief Editor for Indian Journal of Mental Health; Associate Editor for Annals of Indian Psychiatry; Industrial Psychiatry Journal & Global Bioethics Enquiry and Assistant Editor for Indian Journal of Psychiatry Medical College, Mumbai. Dr. De Sousa works with 8 mainstream and special schools in Mumbai as a Visiting School Psychiatrist, Counselor and School Mental Health Expert. He is also visiting Faculty and Professor at various Teacher Training Courses across Mumbai and at multiple and psychotherapy training programs across India. Has over 700 publications in national and international journals and is the author of 12 books in the area of mental health. He is one of the few psychiatrists who, in addition to a psychiatry degree, have a Masters in Counseling & Psychotherapy, an M Phil in Applied Psychology, MBA in Human Resource Development. He has been awarded a Doctorate in Clinical Psychology from the University of Hertfordshire UK in the year 2011. During pandemic, there is lots of uncertainty about education, job opportunities & career prospectus amongst students which resulted in anxiety amongst students. Students were made aware and given remedial measures on mental health faced during this pandemic. More than 40 students from BCOM and BA section of our college attended this workshop. The event ended with doubts clearing by the resource person. The lecture was interactive and was appreciated by the students.

24) ACTIVITY NAME: BLOOD DONATION CAMP

ACTIVITY LEVEL: COLLEGE LEVEL

DATE: 3rd DECEMBER, 2020

NUMBER OF VOLUNTEERS: 15

MALE: 02

FEMALE: 13

MODE: ON GROUND

The N.S.S unit of K.J SOMAIYA COLLEGE OF ARTS AND COMMERCE (Autonomous) conducted a Blood Donation Camp on 3rd December, 2020 from 9:30 am to 3:30 pm at Seva Blood Bank (Dombivali Blood Centre), Dombivali (east). As Blood Donation is a major activity, the preparations for the same started a week before. As everything is online firstly we had to create a Google form for the donors to register, we also provided a Whatsapp Group link in the form so that the donors could join the group for further details of the activity. As soon as we got about 17 to 20 registrations in the areas of Dombivali- Kalyan- Kopar, it was decided to organize a camp in the above venue. We contacted the Blood Bank and visited the venue one day before the camp to have a look at the arrangements there. As this was the first on ground activity during the global pandemic a message was prepared for the volunteers, in which all the precautionary measures like wearing masks, using sanitizers and practicing social distancing which they had to follow while travelling and during the activity were given. The reporting time for volunteers was 8:00 am. As soon as all the volunteers arrived at the venue they were given a brief description of the activity and were assigned specific duties of distributing registration forms, writing certificates, providing refreshments, clicking pictures and the most important campaigning in the nearby areas. The live location of the venue and the pictures of the first two donors were sent in the whatsapp group. The volunteers started campaigning in the nearby areas from 10 am. They tried to convince the people to donate blood on the roads and shops. In total we had 20 donors even in these difficult when people are hesitant to donate. All the donors were given a pen by the Blood Bank along with the certificate and donor card for their act of compassion in the times when there was a huge need for blood in the country. The camp ended at 3:30 pm after which one of our volunteers presented the Vote of Thanks to the Head of the Blood Bank Makrand Sir and his team for their enormous co-operation. Overall the activity was a success. This was the first on ground activity for the new volunteers. This was their first chance to get a face to face interaction with their leaders and their co-volunteers. Through campaigning volunteers got an opportunity

to improve communication skills and boost their confidence. We hope to conduct more such camps in future to give the volunteers new experiences.

NSS ACTIVITY NAME: VEGAN OUTREACH- MISSION COMPASSION 2021

NUMBER OF VOLUNTEERS: 80 (46 NSS VOLUNTEERS)

MODE: ONLINE

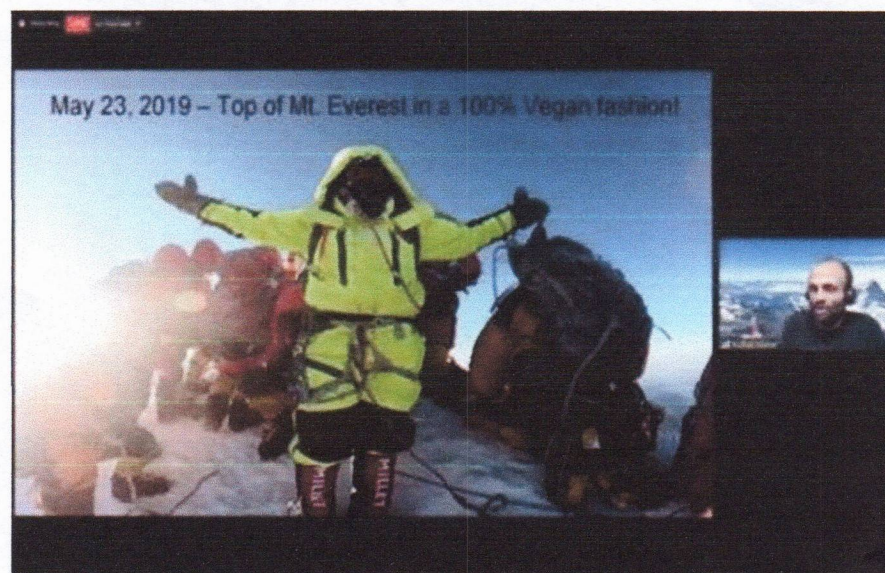

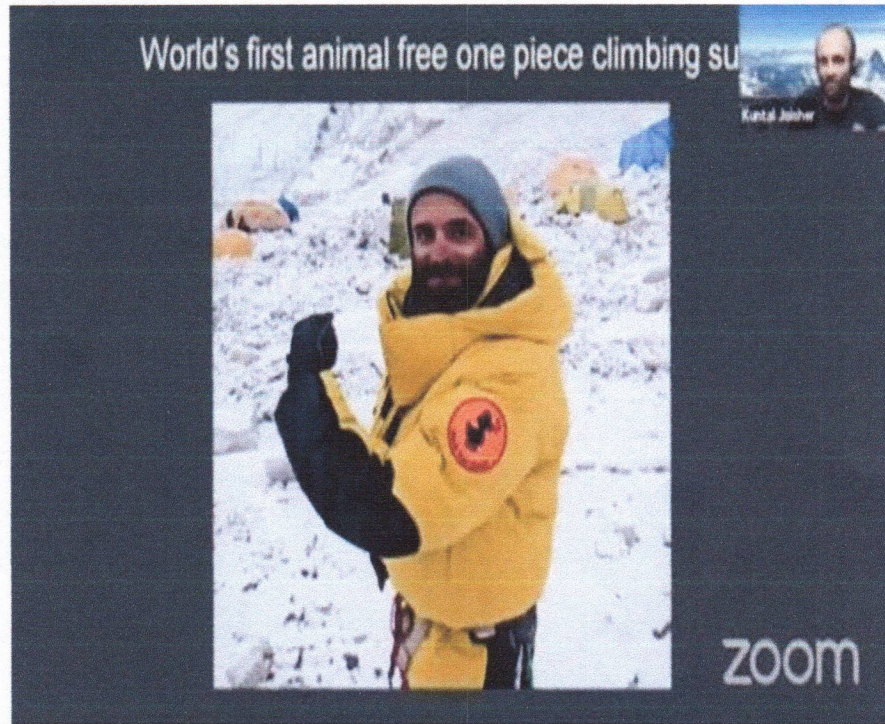

The NSS unit of K.J SOMAIYA COLLEGE OF ARTS AND COMMERCE (Autonomous) in collaboration with Vegan Outreach conducted a webinar on 24th February 2021 at 4:00PM. Vegan Outreach works to aware people of why veganism is a better and a much safer choice of diet. The guest speaker of the webinar was Mr. Kuntal Joisher, a renowned mountaineer. The webinar concentrated on the life of Mr. Kuntal Joisher but most importantly on the Vegan Outreach's 'Mission Compassion 2021' which highlights how one can lead a healthy life without causing harm to the living beings around. The event was conducted online due to the ongoing pandemic. The lockdown caused us to pick up some really unhealthy diets and this webinar was a sheer reminder to initiate a step towards our betterment. Veganism is widely known around the world but practiced by few. Mr. Kuntal Joisher talked about his personal experience with veganism and the struggles he faced to conquer his dream. Mr. Kuntal Joisher is well known for his life-transforming journey to the Everest. He is the first mountaineer to have completed the highest climb on earth, on a 100% vegan diet. He also collaborated with a gear company to make the world's first vegan high-altitude suits and mittens. The peak rises to 8,848 m and many estimated that a vegan diet cannot possibly provide you with enough endurance to conquer the mighty Everest. But, after years of training and an undefeatable passion that drove him to not give up trying, even after life shot hardships his way, he proved all estimations wrong and completed the summit in 2016 and the second time in 2019. Mr. Joisher is a strong believer of compassion.

He believes that animals are no different than humans when it comes to emotions. Growing up in a vegetarian family, he always empathized towards animals and wanted to make a change for them. Mr. Joisher has been on a vegan diet for the past 18 years and has climbed not only the Everest, but also many other summits. He is a living proof of why veganism is not a deficient diet as many think it is. Mr. Joisher guided the volunteers on how they can convert from a meat-based diet to a plant-based diet. The volunteers were made aware of all the alternatives they could opt for and be at their best health even without letting an animal get slaughtered for their pleasure. The pandemic has made us realize the importance of gratitude towards nature and this webinar was a nudge towards the same. Veganism is not only better in the long run but it also spares the lives of innocents. The webinar highlighted many unknown

facts about veganism and how important it is for the world right now. There are many myths around the vegan diet and how it is not the best choice for an active lifestyle but people like Mr. Kuntal Joisher set an example to wrong all these myths and show the truth.

Here are the pictures of the webinar:

NSS ACTIVITY NAME: BREAST CANCER AWARENESS WEBINAR

DATE: 6TH MARCH, 2021

NO. OF VOLUNTEERS- 27

MODE: ONLINE (GOOGLE MEET)

The NSS unit of K.J. Somaiya College of Arts and Commerce was invited by the Women Development Cell of our college to a webinar on Breast Cancer Awareness which was conducted on account of Women's Day.

The resource person for the webinar was Dr. Manisha Bendhari, Assistant Professor from the Department of Community Medicine, K. J. Somaiya Medical College. Initially, the speaker explained the nature and causes of Breast Cancer.

With the help of a PowerPoint presentation, the resource person spoke about how women can examine themselves at home and prevent themselves from getting diagnosed with Breast Cancer. The speaker answered all the queries raised by the attendees. Overall the session was very informative and interactive.

Time :- 2.00 p.m to 3.30 p.m
Platform :- Google Meet

NSS ACTIVITY NAME: WEBINAR ON ENVIRONMENTAL CONSERVATION

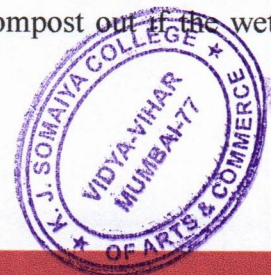

DATE – 12TH MARCH, 2021

NUMBER OF VOLUNTEERS – 41

MODE – ONLINE (ZOOM PLATFORM)

The N.S.S. unit of K.J. SOMAIYA COLLEGE OF ARTS AND COMMERCE (Autonomous) conducted a webinar on 12th of March 2021 with Ms. VidyaParanjape, the trustee and an active member of the Urjaa Foundation, as our guest speaker. The topic for this webinar was Environmental Conservation. This webinar focused on making the youth more conscious about the environment they are living in and promoting sustainability. Our speaker, Ms. VidyaParanjape started the webinar by making us understand the meaning of the word Environment and according to ma'am, the Environment is somewhere we live and how it gives us the capacity to survive. The three main components of the Environment are soil, water and, air. It is free but priceless. She later went on to explain the volunteers the current situation of the Environment and how our habits have resulted in its degradation. The carcinogenic elements present in our Environment has made our situation worse and these elements keep on increasing everyday and with them, their impact on the living beings. She told the volunteers how the nature repays for all the things she goes through and how devastating its consequences are. Her answer to all of these problems related to the Environment was – “GO GREEN”.

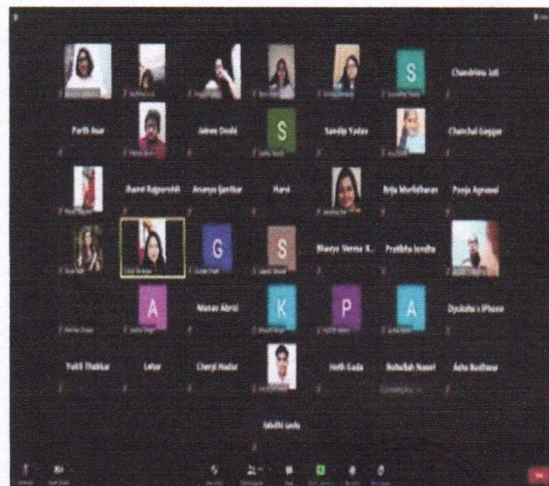

She requested all the volunteers for being a part of the “go green” movement and asked us some very important questions which made us reflect on our day-to-day habits. She talked about we do not take the matter of segregating our wastes responsibly and what happens to all the waste which is collected from our households every day. They keep on piling up in dump yards and are burnt to ashes which in both the ways degrade our Environment. Our ongoing habit of consumerism is what is deteriorating the very surroundings we are a part of. She explained to us the importance of managing waste and the importance of the three “R’s”, i.e., reuse, reduce and recycle. Ms. Vidya’s very own organization has taken up the initiative of collecting plastic from several people and making polly-bags out of them so that the local vendors could use them while selling their products and without losing any of their customers. She further asked the volunteers to implement the process of segregating our wastes and making compost out of the wet waste.

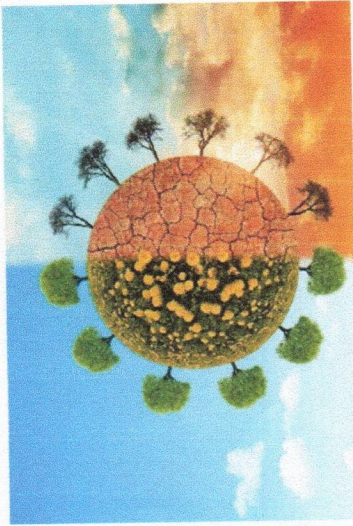

She insisted on having kitchen gardens and being a part of various plantation and Environmental conservation drives.

Ms. Vidya further explained us the how the water table is going down every day and what happens to the plastic waste which remains untreated. The untreated plastic waste is either consumed by aquatic animals or street animals and has become the number one cause of their deaths. Later, she told us to switch off the switches when not in use, how using too much gadgets are affecting us mentally as well as physically, the radiation from the telephone towers which are present everywhere has been killing several birds and animals and harming us humans as well. She further taught the volunteers that co-existence is the key to our survival and that of other species too and, the other ways of avoiding pollution which included – walking small distances instead of using motor vehicles, cycling, using public transport or carpooling while travelling; these habits help us reduce air pollution and save fuel as well.

Ms. Vidya concluded by asking us to go digital and going paperless, she asked us to practice water harvesting, using appliances with lower power consumption and saying a few lines on nature in Marathi. She warned us about the current situation and how we all are sitting on a time bomb which can explode any moment and how the current pandemic is also a result of it. Lastly, our Program Officers Mrs. Jasmine Rai and Mr. SandipYadav said a few words on the ongoing topic and thanked Ms. VidyaParanjape for conducting the webinar. This was followed by a vote of thanks by one of our N.S.S. volunteers. Overall, this webinar was quite interactive and informative. The volunteers got to learn a lot of things about waste management and sustainability from it.
